REGULAR MEETING OF THE FAYAL TOWN BOARD

DECEMBER 21, 2004

The Regular Meeting commenced at 7:45 PM, following the completion of the Public Hearing for the Vacation of South Airport Road. Present were: Chairman Kniefel, Supervisor Beldo, Supervisor Erjavec, Supervisor Pernu, Supervisor Tamaro and Clerk Sersha.

Audience members in attendance were: Dale Dickson, Steve Shykes, Jerry Ulman, Mike Erjavec, and Gary Ulman.

Motion to approve the minutes of the December 7, 2004 Regular Meeting, made by Supervisor Beldo, support from Supervisor Erjavec. Motion carried unanimously.

Motion to approve the minutes of the December 7, 2004 Public Hearing on the Petition to Vacate South Airport Road, made by Supervisor Beldo, support from Supervisor Tamaro. Motion carried unanimously.

SCHEDULED GUESTS

Dale Dickson requested clarification from the town board on the posting of vacations schedules. The union contract states vacations must be posted on January 1 each year. Dickson states in the old contract, vacations were to be posted by April 1, but with the new contract the date has changed to January 1. In the past, vacations have never been posted, but the town foreman has now required the posting. Dickson questioned the board that if the vacations are posted, can changes be made during the year, or do you have to take vacation as posted? Supervisor Beldo stated that the vacations should be posted, and if there are changes they will be contingent upon the town's ability to absorb that change. Kniefel stated the intent of the vacation posting is to clarify who is going to be where, and when to ensure adequate coverage—not to lock anybody in on their vacation.

Supervisor Beldo read a memo from Steve Verkovich, which also asked for clarification. Verkovich questioned who is responsible for wastewater work when Dale is on vacation, sick, comp, etc. and that he has asked the wastewater employees to post their vacations, per the contract to assure coverage.

Supervisor Tamaro stated that when Dale is not here, Steve Verkovich is responsible, and if he is unavailable, duties fall to Al Jurenic. Tamaro stated the pager schedule should dictate who is responsible, and that schedule has been made out for the year. Dale questioned if, due to seniority,

an employee takes vacation around every holiday for nine months, does that mean he (Dale) can't take a weeks vacation at that time also? Supervisor Beldo stated that would be an abuse, and you have to allow for someone else to take vacations too. Supervisor Beldo questioned what the union stance is on this issue, and suggested the union have a unified position.

Chairman Kniefel stated that by posting the vacations for the year, it will identify abuses, and it is obviously not cast in stone for the whole year, it gives an opportunity to work it out. The Board agreed that by posting vacations, they are not cast in stone, and there will be changes throughout the year.

Kniefel states Holcomb will have to sign an addendum to the sewer agreement, due to it being an extra-territorial connection. Erjavec reminded the Board they should increase the sewer access fee \$300 each year to reflect the increase in equity.

Supervisor Beldo informed the Board of the need for Class 5 in the near future and reported that Steve & Al think there is still enough gravel in the pit that could be used to fill that need. However, there is no survey of the pit and one would be needed before more digging could be done.

Discussion. Beldo will contact the adjoining landowners and see if they are interested in getting a survey. Beldo questioned if we needed quotes to hire a surveyor. Sersha stated that there are a limited number of surveyors with the knowledge of the area to do the survey, and suggested first contacting a couple of them to see if they are interested, or able to do the work first. If there is only one interested, and we are unable to find anyone else, no further quotes are needed. The Board agreed that a survey should be done of the town property.

CITIZEN CONCERNS AND COMMENTS

Gary Ulman questioned if there was a leash law in the township. Chairman Kniefel stated there is no leash law, but there is an animal ordinance. Sersha stated the ordinance stops short of having an animal on a leash, but states the animal must be under control.

Gary Ulman questioned if South Airport Road will continue to be plowed. Supervisor Beldo stated the road will continue to be plowed until the issues are resolved.

Jerry Ulman and Dale Dickson had no comment.

A copy of the travel policy will be provided to Chief Shykes.
